## THE CRISIS.

BY HAROLD.

Capital's idle everywhere. Nobody dare invest; Labor's cupboard and hearth are bare.

And its hands grow soft with rest. Mills are closing, and rents are high.

The lists of bankrupts swell; Nobody, nobody cares to buy.

All the world wants to sell. Beggars swarm in our thoroughfares.

Muscle's a perfect drug. And even the Wall street bulls and bears

Their shoulders in sorrow slung; Taxes grind, in their cruel mill,

The faces of all the poor; Their death in the pocket, the pot, the till,

And no interest feels secure. Why is it thus? whence comes the woe

So sudden, so deep, so strange? Has God forsaken our country? No.

'Tis to men we owe the change. Men! shall we give this title high

To the miscreants drunk with power? Who have quenched the light of prosperity,

And who laugh as the shadows lower. No, call them the devil's ministers,

On the nation's down-fall bent; Malignant madmen and scoundrels

In a foul suburban den. We crawl abroad, where askings we tread,

And where plenty reigned we pine. How long shall we grovel on Freedom's sod?

Then rise for right combine. For his daily bread the laborer prays,

But the answer is empty shelves; God only welcomes the prayers and praise

Of a people who help themselves. Let us speak—as our fathers spoke of old

To a king—to these home-born lords, And if our voices in scorn they hold,

Let us speak with our guns and swords. The crisis is drawing on apace,

And before the year expires, We shall either be free—or a foul disgrace

To the dust of our fighting sires. To meet in mass, let us rally forth

From the mart, the mill, the farm, And show by the peaceful strength of the North

What it will be, should it arm!

**STRICT TEMPERANCE.**—Young Watkins,

John Watkins of Virginia, came North to visit his maternal uncle, Col. Joseph

Martindale, a very worthy man, in the vicinity of Boston, who was at the head

of the temperance party there, and never allowed any intoxicating fluid to be kept

upon the premises, or drank by any in his

### FOR PRESIDENT, HENRY H. HAIGHT.

Subject to decision of the National Democratic Convention

**THE CONVENTION.**—The proceedings of the Democratic County Convention which met in Quincy on Monday last, are published in another column. We invite the attention of our readers to the resolutions adopted; they can not fail to meet a hearty endorsement by every true lover of his country in the county. They refer to the present state of political affairs, and in our opinion speak the true sentiments of a large majority of the Democrats of California. The convention, in endorsing Gov. Haight, acted wisely, he is the man for the times, with him for our standard bearer the Democratic party will be invincible, place him nomination and there would be awakened an enthusiasm which would sweep over the land like a hurricane, he would be a candidate worthy the support of every patriot in the Union and they would rally in a mass to his support, and victory would once again perch upon the time honored banner of Democracy.

We shall refer to the last resolution passed by the convention, at some future time.

**THE RAILROAD.**—The cars will soon be running to Hunter's, on the Truckee. The track is laid to a point on the river about half way between Crystal Peak and Hunter's. Here they will be delayed for a time, as the bridge over the river is not yet completed. The Company have eight sawmills at work getting out ties, and will soon erect several more. For a great distance all the ties used must be procured in the Sierra Nevada Mountains. There is but little timber this side of Salt Lake that is suitable for ties. When the Overland Telegraph line was constructed, even poles could not be found along the route, and for a great distance they were hauled from the Sierras.

**SINGULAR.**—Any person who has a capital C in his name cannot be President of the United States. See the number of statesmen who have been beaten as candidates—George Clinton, Charles C. Pinckney, DeWitt Clinton, William H. Crawford, Henry Clay, Lewis Cass, John C. Fremont, John C. Breckinridge, George B. McClellan. The list of defeated candidates for the nomination is still larger; we give a few names—John O. Calhoun, Simeon Cameron, J. J. Crittenden, S. P. Chase, S. Colfax, C. Sumner, C. C. Vallandigham.

**MINING LANDS.**—Considerable difference in opinion exists in regard to the rights of the State to assess and tax the mining lands in the State. The question will doubtless soon be decided by the Supreme Court. In speaking of this subject, an exchange says: "The State of California was admitted into the Union in September, 1850, on the express condition contained in the act of admission, that she should never tax the lands or other public property of the United States."

A negro was elected sergeant-at-arms of the South Carolina reconstruction convention. He was found to be incompetent, and his friends very easily prevailed on him to resign the position. This negro, too ignorant, even to act as a door-keeper of a negro convention, has far more self-respect and a higher sense of honor than Edwin M. Stanton, who has to be kicked out of a dining-room, and like the hound, snags in again the first time the door is left open.

The next time a gallon of kerosene oil comes home pour some into a saucer, light a match and when it is thoroughly on fire drop it into the saucer. If the oil extinguishes the match without taking fire, use it; you can rely on it being as safe as powder at least. If, however, the oil ignites and blows up like spirits, send it out of the house immediately, for it would explode merely from the friction of turning down the wick.

The wool product for this State for 1907 was 10,280,000 pounds. The increase over the year before was thirty per cent.

**PROCEEDINGS OF THE DEMOCRATIC COUNTY CONVENTION.**—Pursuant to the call of the County Central Committee, the delegates to the Democratic County Convention met at the Court House, in this place, on Monday last. The attendance was not large, and a number of precincts were unrepresented, still there was as many present as we expected to see. The Convention was called to order by the Chairman of the Central Committee, and R. C. Chambers elected temporary Chairman, W. P. Bennett was chosen temporary Secretary. The Chairman appointed Messrs. Evans, Yeates and Rockwell, a Committee on credentials and order of business, and Messrs. Goodwin, Perrine and Hogan, a Committee on Resolutions. The Convention then took a recess of an hour. After the assembling of the Convention, the report of the Committee on credentials was read and adopted. The Committee recommended that the temporary officers act as the permanent officers of the Convention. The Committee on resolutions then submitted the following, which were passed without a dissenting voice:

WHEREAS, The Democratic Party is now the only organized and formidable party in United States that is in favor of the preservation of Union of States and the perpetuity of the institutions of our common country as established by the glorious founders of this Federal Republic. And, whereas, the present Radical party which is now led, controlled and kept together by the most corrupt revolutionary and infamous Congress which ever disgraced the annals of a free People, has forfeited all confidence and respect of the thinking, patriotic portion of our citizens. Therefore

Resolved, That in the success of the Democratic Party at the coming election for President and Vice President of the United States, rests the only hope of every patriot for the restoration of a fraternal Union of Sovereign States—of giving vitality again to the Constitution of the U. S., and the establishment of the liberties which were guaranteed to us by the fathers and founders of this Republic.

Resolved, That the acts of the present Radical Congress at Washington portend a despotism centralization of power and overthrow of all Constitutional safeguards, Negro supremacy in ten of the Atlantic and in course of time Chinese supremacy in one or more of the Pacific States.

Resolved, That their radical legislation, their repeated acts of attempted aggression, their usurpation of power, their overriding the Constitution and laws and setting at naught the Constitution and principles of our Government, are acts highly calculated to alarm every patriot in the land—every lover of his country.

Resolved, That in our worthy Governor, H. H. Haight, we recognize a patriot and statesman, eminently entitled to the respect and confidence of every lover of his country, and we heartily approve of his course, especially in his refusal to transmit the Resolutions adopted by the Radical Senate of this State in defiance of the popular will as expressed in the last elections in California, and we recommend him to the favorable consideration of our State Convention as our first choice for President of the United States.

Resolved, That this Convention recommend the formation of Democratic Clubs in every Precinct in the county, and that, when organized, a subscription be raised for the gratuitous distribution throughout the county of copies of the Quincy Union and such other newspapers and documents as will warn the people of their danger, and give strength and efficiency to our cherished principles, and aid in crowning these principles with success at the coming election.

Respectfully submitted,  
E. T. HOGAN, } Committee.  
J. M. PERINE, }  
J. D. GOODWIN, }

The following named gentlemen were elected as delegates to the State Convention which meets in San Francisco on the 29th instant: David Evey, John A. Ritchey, Creed Haymond, M. Trainor, N. C. Cunningham.

A motion was made and carried, suspending the election of a County Central Committee until the meeting of the next Convention.

The Committee as at present constituted, is as follows: R. Irwin, J. D. Goodwin, J. B. McGee, Squire Jacks, E. T. Hogan, Andrew Jackson, John S. Vaughn, R. C. Chambers, W. W. Kellogg.

The Convention then adjourned sine die.

**DISCUSSER.**—The Mt. Messenger in referring to the "Plumas Boundary Question," says: "The people of Sierra county will be sadly disappointed at this termination of the boundary question. \* \* \* It is the belief of the people that the whole territory could have been brought back, and it will be a difficult matter to convince them that proper exertion was made, or that somebody has been bamboozled."

The people of La Porte would have been "bamboozled," if the "whole" territory had been re-annexed to Sierra, that's sure, but you see, Mr. Messenger, that was not a part of the "jigger." They did not intend to be "bamboozled" in that way, and they wasn't. The best way for you to do about this matter, is to "be at it," and if you can't be at it, be at it as you can. Do you mind that now?

**MURDERED BY INDIANS.**—One of the most horrible, fiendish and brutal massacres that ever transpired in this section of the State, occurred in Long Valley, Lassen county, one day last week. The particulars are reported as follows: A party of Indians who were ostensibly on a hunting excursion to that place, met a man by the name of Pierson, who with his family were moving from the house they were living in near the lake, to another a few miles distant. The Indians, without the least provocation and for the sole purpose of gratifying their fiendish appetite for blood, attacked the party and cruelly murdered Pierson and a man named Cooper. They captured and carried off Mrs. Pierson and her daughter, a young lady about sixteen years of age, reserving them for a worse fate than that which befel the husband and father, and the little ones. As soon as the citizens of that vicinity heard of the outrage, the excitement among them was intense, a party of over two hundred men, was immediately organized and started in pursuit of the murderers. The war cry is "Extermination," and before many suns shall have set, we opine that the ranks of the Pitt Rivers or Putes will be considerably diminished in numbers. We hid the avenging party "God speed," and cherish the hope that before they return to their homes they will exterminate the whole accursed band.

**CAN BE ACCOMMODATED.**—In another column we publish under the head of "Important to Creditors," a notice that A. W. Thompson, Attorney at Law at Petaluma, will pay 10 cents on the dollar for all legal notes against persons who obtained their discharge in Insolvency on petitions filed in any of the State courts since June '97. We presume the notice was gotten up in the interest of the Bankrupt Commissioner, and is for effect only. If, however, Mr. Thompson is in earnest, and will forward a statement of his bank account to prove that he has the wherewith to make good his promises, we presume we can make arrangements to forward to him from \$17,000 to \$20,000 worth of the kind of notes he will pay 10 cents on the dollar for—they are numerous up this way. We will even give him a better lay-out—we can furnish him with several thousand dollars worth of notes against persons who have never taken the benefit of any insolvent law if he will pay 10 cents on the dollar for them. If you mean business, Mr. Thompson, we can supply you with the documents. What say you?

**Books.**—Mr. J. J. Maxwell, the first Book agent who has visited this county this season, arrived in Quincy on Tuesday last. Mr. M. is the authorized agent of Messrs. H. H. Bancroft & Co. for the sale of the following works: "Beyond the Mississippi, from the Great River to the Great Ocean," by A. D. Richardson; "Well's Every Man his Own Lawyer and Form Book," and "Mackenzie's 18,000 Receipts, a Universal Encyclopedia." Beyond the Mississippi is an intensely interesting work. The Form book is one of the most complete of the kind we have ever seen, and Mackenzie's Encyclopedia is a work which every man, no matter what his occupation is, should have. The book must be seen to be comprehended, and used to be appreciated. Mr. Maxwell will also supply persons with any other books which they may order through him. He intends to thoroughly canvass the county, and will give all our citizens an opportunity to see and examine the works he has for sale.

**DELEGATIONS.**—We understand that delegations from various precincts in the county will be present when the Supervisors meet, for the purpose of protesting against the issuance of the County Bonds in accordance with the provisions of the R. R. Act. What a pity it is that the people are afraid to trust their interests in the hands of the present Board of Supervisors. We suggest to the people that, while they are attempting to "head-off" the Bond scheme, that they urge the Board of Supervisors to use the strictest economy in conducting the affairs of the county, not excepting the count printing, and thus save the county from being swindled out of many a dollar.

**IMPROVEMENTS IN TOWN.**—The new dwelling house of Mr. Walters is progressing towards completion very fast. Edwards of the Plumas House has built an addition to his Hotel to be used as a dining-room and kitchen; Perine has put up an addition to his saloon. A number of our citizens are improving their lots by enclosing them with fences. There are but few dwellings unoccupied at present. Although the times are rather dull, all are living in hopes of seeing the good times which are surely coming.

**GOKE.**—"Old Tom," the oldest feline resident of Plumas county, has gone. His taking off, occurred on Thursday last. "Tom" was the first cat ever brought into Plumas; one of our citizens purchased him at Bidwell's Bar in '51 and paid an ounce of gold for him. He was about 17 years of age. He had made his home in this office for several years past. He had outlived his usefulness, and although we shall miss the old fellow very much, yet we do not deeply deplore his departure.

**IMPORTANT.**—As there is a probability that the Agricultural Lands in Plumas will soon be donated to aid in the construction of a railroad, Ranchmen should remember that pre-emption claims acquired prior to the passage of the Railroad bill are good against the railroad. Ranchmen who rely upon the mineral character of their land and fail to file declarations of pre-emption, will lose the rights which they acquired by virtue of their pre-emption.

**ATTACHMENTS.**—During the past week several attachment suits, amounting in the aggregate to about \$11,000 have been commenced against the Whitney Quartz Mining Company, of Indian Valley.

## TELEGRAPHIC SUMMARY.

Reports from various points on the frontier state that the Indians are in a starving condition. Some have already died, and many more will starve to death. The Indians in Florida have declared war against the U. S. The Republicans of Pennsylvania have requested Ben. Wade to appoint Stanton, the sneak as his Sec. of the Treasury, when he becomes President. A radical conspiracy is on foot to extend the term of the President's office ten years and strip the Supreme Court of power to pass upon the constitutionality of the Acts of Congress; to elect Grant in the doubtful States by the bayonet, and cause an unlimited inflation of the currency by the National Banks. The Prince and Princess of Wales have gone to Ireland on a visit. Chief Justice Chase is reported to be opposed to impeachment. Several Radical Senators are also of the opinion that the evidence is not sufficient to warrant a conviction. Several Americans have been released by the English government upon the condition that they leave the Queen's domains, never to return. A fearful accident occurred on the Erie R. R. near Port Jarvis on the 15th. About 30 persons were killed and a large number wounded. The Democrats of Ill. have nominated a full State ticket and have endorsed Pendleton for President. The Ohio Legislature have passed a law prohibiting any person having any visible mixture of negro blood in his veins from voting. The "Jurors" in the High Court of Impeachment, refuse to admit but a small portion of the evidence which the President's counsel desire to present. It is nothing more nor less than a political inquisition; the Jurors had agreed upon a verdict before any of the witnesses were examined. It is the most disgraceful farce ever before enacted in the U. S. Congress. The new Constitution in Arkansas was carried; Senators and Congressmen have been elected and have gone to Washington—Arkansas is reconstructed. Assassinations are becoming frequent in Ireland. France is preparing for war. Two Russians fought a duel in Paris on the 15th. The Russian Minister was wounded and will resign. Liberal party meetings are being held in England. Reports state that King Theodore has released the English prisoners. The Union P. R. R. has crossed the summit of the Rocky Mountains. The rails were laid on the 17th.

## LOCAL ITEMS.

**SUPERVISORS.**—The Board of Supervisors will hold their next regular meeting on the first Monday in May.

**COUNTY COURT.**—The next term of the County Court will commence on Monday May 4th.

**DISTRICT COURT.**—The regular term of the District Court will commence on the second Monday in May.

**DEFERRED.**—The promised article on taxation in the different counties of the State will not appear until the next meeting of the Supervisors.

**AT WORK.**—Thompson & Kellogg have a number of men at work, repairing the toll road between this place and Spanish Ranch.

**INJURED.**—One day last week, Mr. Kennedy of Sawpit, was severely injured while at work in the New York Co.'s claims by a large boulder falling upon him.

**PURCHASED.**—We learn that Mr. Kennedy has sold his interest in the Argentinian quartz mill and ledge to Mr. Heath. Mr. K. owned a one-third interest in the property.

**CRESCENT.**—Mr. Peard's lease of the Crescent mills, expired on Thursday last. He has had the mill running day and night for the past two weeks, and having been crushing good rock, no doubt making big clean up.

**DEEP.**—Mr. M. Hogan, of Sawpit, informs us that he was obliged to sink several shafts through the snow on the line of his water ditch during the past week, and by actual measurement the snow averaged 21 feet in depth.

**BUILDING.**—Myers has a number of men at work upon his new building on Nelson Flat, near the Feather River Bridge. He intends moving his stock of goods to that place from the Point, as soon as the building is completed.

**UNWELL.**—Mr. Buckbee has been unwell ever since his arrival home from the lower country, and for two or three days he was confined to his bed. He was unable to fulfill his appointment to speak at the Court Room on Monday night last.

**THE R. R. CO. AND THE SUPERVISORS.**—Are the following lines appreciable to the state of affairs in Plumas at the present time? We leave it for our readers to determine:

"A little thieving is a dangerous art.  
But thieving largely is a noble part;  
'Tis vile to rob a hen-roost of a hen,  
But stealing largely makes us gentlemen."

**SOLD.**—Messrs. Bradford & Walker have sold their blacksmith shop, stock, tools, etc. in this place to Mr. J. Duesler. Price \$1,000. Mr. Duesler purchased it for Mr. W. Squires, who will carry on the business at the old stand as usual. Mr. B. intends removing with his family to Santa Barbara as soon as the roads are open for travel with wagons.

**MAY DAY.**—We are requested to state that a May Day picnic party will be held in one of the groves near town, on Friday, May 1st. It is more especially intended for the school children, but a general invitation is extended to all of the citizens of the valley to attend and take part in the festivities of the occasion.

**WELL PLEASED.**—The Butte Record states that Mr. Victor, who has just been over the whole route of the Oroville and Virginia City Railroad, pronounces it not only a feasible but an excellent route over which to build a railroad. The Record further states that the road is bound to be built, and that within three years.

**ENLARGING.**—Jenkins & Kellogg have a number of men employed upon their dam at the head of North Canon, in Round Valley. They intend to make the dam three feet higher than it is at present. An addition of 3 feet will nearly if not quite double the holding capacity of their reservoir.

**DEEDS.**—The time for the redemption of the Crescent Co.'s ledge and property which was sold at sheriff sale last year, expired on Thursday last. No parties appeared and offered to redeem the property, consequently the Sheriff's deed was made out and delivered to Mr. Marcuse, of Marysville, who is now the owner of the property.

**WILLOW RANCH MINES.**—White & Ballou's claims are paying about \$6 per day to the hand. Jackson & Jolly are piping; they have a good head of water and are running off huge quantities of dirt. They will make a big clean up when the water fails. Two thousand dollars was offered for one half interest in these claims a short time since and was refused.

**FIRE.**—On the night of the 16th, the small quartz mill in Dixie canon, belonging to Martin & Brother, was destroyed by fire. The loss is estimated at \$3,000. Mr. Martin had purchased the blanket washings from several of the quartz mills and was working them over again in amalgamators which he had recently put up in the mill which was burned.

**ACCIDENT.**—On Monday last, Mr. S. J. Clark, of this town met with a severe accident. The team which he was driving at the time ran away and Mr. C. was thrown from the wagon and one of the wheels run over him, breaking one of the bones of his leg below the knee. He will probably be unable to leave the house for several weeks. The accident occurred in the field near his residence. He had taken off the wagon-box for the purpose of loading some timbers, and at the time was riding on a board placed lengthwise on the wagon, consequently, when the horses commenced running, he had no chance to check them.

A number of Locals will be found on the 2d page.

**WILL REASON.**—Mr. Marcuse, the owner of the Crescent mills, having offered Mr. M. L. Bransford, the present efficient Under Sheriff, the position of general Superintendent of the mill and ledge, and as in a peculiar point of view it will prove much more advantageous to him, Mr. Bransford with the consent of Mr. Yeates, has concluded to accept the situation, consequently he will resign his position in the Sheriff's Office. His resignation will take effect in the course of a few weeks. During the short time Mr. B. has been in office, he has made a host of friends, all of whom, while they congratulate him upon his good fortune, will be sorry to hear of his resignation.

**SPRING FIGHTS.**—The Spring fights at Jamison City commenced on Monday last. The "boys" got on a general drunk, commenced fighting and "Pep," who always happens around in the right time, had them arrested and brought before his court. It was a rich affair. "Pep" dealt out the law in large doses, the fines were paid in such currency that the more a man takes the less he can hold wit out getting tipsy. The court was in session for two days and during that time transacted a large amount of business. It is almost useless to state that the "sprees" lasted for two days, and that the court preserved its dignity during the whole time.

**SNOW SHUTE.**—Elwell, of the '76 Quartz ledge, has improvised a novel way of getting quartz from the ledge to the mill. While the snow was soft he filled some canvas sacks with rock and drew them down the hill in a straight line, the sacks pressed the snow and made a trench, he repeated the process a few times and now he has a splendid chute. The bottom and sides are frozen solid as ice. He fills about twenty sacks and sends them down in one train. It is the cheapest and best method for getting the quartz down the hill ever adopted at that mine.

**CELEBRATION.**—The Old Fellows' Celebration takes place on Monday next. The programme of the day is published in another column. Great preparations are being made to make it a gala day for both members of the order and the citizens in general. The Gibsonville Brass Band will furnish the music for the occasion. A grand ball will be given at the Plumas House in the evening. The Hall has been appropriately decorated with evergreens, and all the indications promise that it will be the Ball of the season. Don't fail to attend. Edwards has enlarged the Hotel, and with Byers to assist him, they will do their level best to accommodate all their guests.

**GOOD TIME.**—Clemens is making excellent time on his end of the stage line. He leaves Buckeye in the morning and arrives in Quincy by 3 o'clock in the afternoon. Garland's line seems to be well patronized at present and we hope it will continue during the entire season, and that "Dick" will realize a small fortune out of the line this year. Whether he will or not, is hard to tell, but one thing is certain, he is by rights deserving of it.

**ON AND OFF.**—An injunction, restraining E. Light from crushing quartz in the Lebanon mill at Genesee, was issued by the Co. Judge, one day this week, and on the next, on motion of Light's counsel the same was dissolved. The lawyers and officers are having a "good thing," but we fear that when the case is finally settled the property will not be of sufficient value to square their demands against the parties.

A man named Labin and his wife, who kept hotel at St. Eustach, attacked a traveler who stopped there. The man attacked him with an axe, and the woman with a razor. The traveler knocked the man down, and the woman mistaking him for the traveler, cut his throat. She was arrested and has confessed that they have been in the habit of murdering travellers stopping there.

**HUNG BY VIGILANTES.**—The Salt Lake Telegraph of March 27th, says: One of our citizens learned yesterday that his son, who had gone to the northern mines two or three years since, was returning to this city a few days ago. The young man is reported to have overtaken a man with several head of horses, and at the request of the stranger, the young man continued to travel with him. The agents of the Vigilance Committee were in pursuit of the man with the horses, for stealing them. The end soon came, the thief and the young man were both unceremoniously judged, condemned and hung.

**Perry Davis' Vegetable Pain Killer**  
Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation, at once disarms them of their terrors. In all respects it fulfills the conditions of a popular medicine.

The "Biblical Recorder," in speaking of the Pain Killer, says:  
"We believe the public generally have great confidence in this medicine. The numerous testimonials in its favor from well known clergymen and missionaries, are well calculated to convince any but the most skeptical. If there be any of our readers who still doubt touching the magic powers of Perry Davis' Pain Killer to relieve pain, we advise them to buy one bottle, and give it a trial. We never knew it to fail."

**THE WOMEN "GRINDING AT A MILL."**  
In a book published some years since, entitled "Mushlallah, or Tidings from Jerusalem," the authoress, a journal-keeping pilgrim, writes thus:  
Jerusalem, Sept. 4.—The darkness and silence of the streets increase the awe that broods over these sombre walls at night, in this city without wheels. This stillness continues till midnight, when I am often awakened by a sudden jar that sounds like distant thunder, and grieved to think of the weakness, sniffling, and toil which occasions it. It is the sound of countless rude mill stones, which are mostly turned by women, who nightly commence to grind about this time, and continue till morning; the labor is so heavy, that it is too great for their weak frames to endure in the heat of the day. I have made an effort, and could scarcely move one of their smallest stones. The process is so slow, that it generally takes a woman an hour for each member of her family.

Some of the most common symptoms are: pimples in the face, and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. Perrault, either in person or by letter, as he will guarantee a cure of Sexual Emissions and impotence in six to eight weeks.  
 Patients suffering from various diseases in the stages: Gonorrhoea, Gleet, Strictures, Buboeris, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and mercurial taints are removed from the system.  
 Dr. Perrault's diplomas are in his office, where patients can see for themselves that they are in the care of a regularly educated practitioner, the best reference given if required.  
 Patients suffering under chronic diseases, can be examined for themselves. We invite the investigation; claim not to know everything, nor cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor and that advertised physician, till worn out and discouraged, to call on us.

**PIANOFORTES.**  
 Our Last new addition to our different styles, reflecting the admiration of both critics and people was the **W. J. PROVESTEEN'S** new Piano. Believing the exterior should be as beautiful to the eye as melody to the ear, we paid great attention to getting them out of the hands of the handsomest Piano Forte made. They are entirely new style, with four full round corners, ornate carved legs and feet, base richly moulded. The tone is melodious, and its adaptability to pass from the most delicate expression, from the softest hummer, the crescendo, and the **trill**, gives the owner every advantage of the **Concert Grand**.
